A schematic diagram of a cross-section of a tooth. The diagram shows a central pulp chamber with a central pulp space labeled 'di'. Surrounding the pulp chamber are several pulp horns. Labels with leader lines point to various anatomical features: 'n' points to the nasal cavity, 'ac' points to the alveolar crest, 'ld' points to the labial depth, 'a' points to the alveolar bone, 'fv' points to the facial view, 'de' points to the dental enamel, 'ri' points to the root canal, and 'c' points to the crown.
